## WELCOME TO SHAYONA CARE SERVICES(SCS)

Aided by our global exposure in treating patients from diverse ethnic groups in UK, SCS has imbibed valuable learning to help us tailor-make services suiting all needs and budgets and in accordance to Indian social and cultural needs.

Shreeji Inc Ltd - the parent body of SCS is funded and strictly monitored by the UK government for quality compliances. We follow a validated systems approach for all our services. Our Indian operations would adhere to the same time-tested parameters for professional rendering of all services as per specific needs.

Our many years of experience in UK will guide us to serve you better and as per your individual demands.

You are thousands of miles away, yet your heart is where your parents or loved ones are. Who would look after them? Who would take them to the doctors or the hospital? Are they taking their medications on time? To whom would my parents call in an emergency, when I am away?

We understand your concern in such situations as does our MD Ms. Pooja Barot- the visionary behind SCS. With her aging parents in Vadodara, she was always worried about their well being after settling in UK. There are friends and relatives but all have time and distance constraints.

That's how the idea of home care took shape and today, she is proud to present "Shayona Care Services (SCS) - Always there for you". You can allay all your worries as SCS is now here to provide the desired care and support you always wanted.

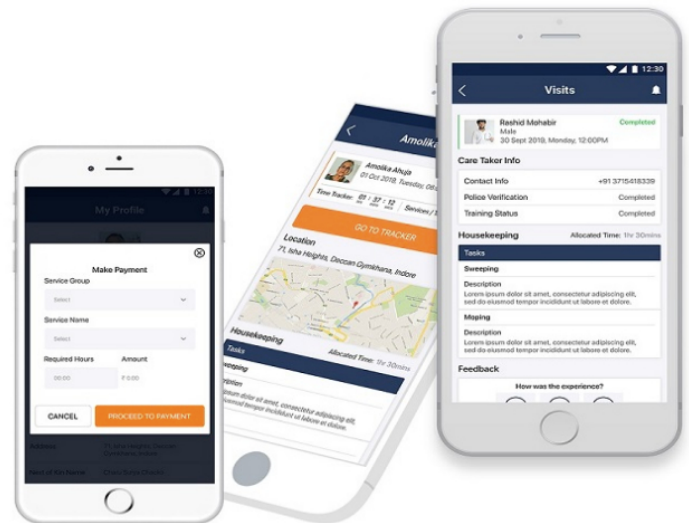

With our user friendly app you can keep track of all services provided by us with the minutest details like - What time were they visited? Who attended to them? What did they ate? Which medications are they on? Did they have it on time? When is their next medical check-up scheduled? etc.

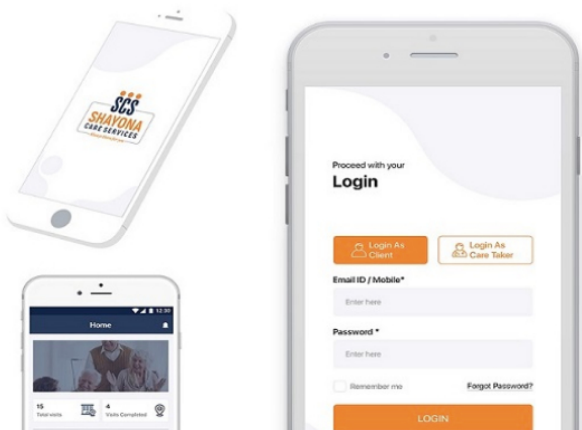

Your loved ones are valued by us hence their safety and security is equally paramount. All our staffs are thoroughly verified by local government security body and each one undergoes a rigorous 15 module training as per UK standards.

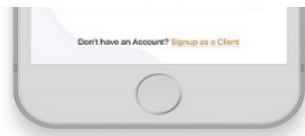

Swift payments can be done via our app from anywhere in the world to us. Multiple options for online payments also available.

- > We strongly believe that technology is meant to bring us additional convenience. Our simple use friendly mobile app has been developed keeping the ease of operations of our users in mind.
- > The features of the SCS app is as follows :-
- > Globally accessible and compatible to both Android phones and I-phones.
- > Anyone can register to avail our services currently in Baroda, Gujarat from any part of the world.
- > Even elders can download this simple app, select the services and pay directly through secure payment modes.
- > For additional safety and security of elders, SCS app is equipped with Pass Code System to identify our assigned health care assistant. This helps avoid intrusion of strangers.
- > Feedback options allow customers to express their view on quality of services received and can't

- ✓ accessed by their next of kin as well.
- > App user can keep track of availed services, duration of services, the time our health care assistant has spent to finish assigned services and their bill status.

## OUR SATISFIED CLIENTS

Anil Gupta

I would like to pass our appreciation to staff who has been looking after Amandeep for a long time. We are totally relying on you. I can now go away, where you take control of Amandeep's day to day care. Barking London

Amandeep Kaur

I can even repay the staff with my soul!! We all are so thankful for all that they do, they are like Angels. - London
